

Skunk Anansie, This Means War

When I see the animal in you I'm gonna stand like a motherfucker stone cold dead in your headlight

When I see the animal in you I'm gonna stand like a motherfucker stone cold dead getting ready to

I'll fight hard till I fall

Cause this means war
This means war, fuckers!
Cause this means war
This means war, fuckers!

When I see the evil in you I'm gonna scream like a motherfucker stone cold dead til you bleed right

When I see the evil in you I'm gonna make you crawl make you scrawl til we end it all, yeah!

I'll fight hard till I fall

Cause this means war
This means war, fuckers!
Cause this means war
This means war, fuckers!
Cause this means war
This means war, fuckers!
Cause this means war
This means war, fuckers!

I'll fight right where you fall
And this time we will destroy all your dynasties
We'll fight right til you fall
Cause this means war

When I see the animal in you I'm gonna stand like a motherfucker stone cold dead in your headlight

When I see the animal in you I'm gonna stand like a motherfucker stone cold dead getting ready to

I'll fight hard till I fall

Cause this means war
This means war, fuckers!
Cause this means war
