

Sky Eats Airplane, Giants In The Ocean

giants in the ocean

boundless water in an eternity frame of mind
and all that's lost is our time
peaks break through open sky that grasps for land below

mountains climb and topple on themselves.
steel breaks wave and sounds lull us to sleep
all things drift quietly away

forget your cell phone man, it won't work here

my cameras zoom - it captures all that might embrace it
unsteadied ice creates the wake in deeper places
oh darling I can't bare the thought of separation
the years will pass and we'll forget just how this made us

there is substance in this silence
the proof of what surrounds us.
photographs are a mirror image
look deep and see yourself in them.

seasickness, ancient forests, and water creatures
keep us from thinking about home
