Red Lips

You're ten a penny

Cheap shot

Spreading your legs

For the boys

Watch out

Cause

Someone will beat you the same

Freak out

Wash out your mouth

Such a big girl

Such big news

Such a big talk

Your number is up

If you like it or not

What a shock

Little bitch

Growing so bored of your feds

Cause soon gonna lay you down

Enough for the ones

And no one remembers your name

Too bad

Such a confidence

Such a big girl

Such big news

Such a big talk

Your number is up

If you like it or not

Your number is up

If you like it or not

Your number is up

If you like it or not

Such a big girl

Such big news

Such a big talk

Your number is up

If you like it or not

Your number is up

If you like it or not

What a shock
