Sky Ferreira, Red Lips

Red Lips
You?re ten a penny
Cheap shot
Spreading your legs
For the boys
Watch out
Cause
Someone will beat you the same
Freak out

Wash out your mouth

Such a big girl Such big news Such a big talk

Your number is up If you like it or not What a shock

Little bitch
Growing so bored of your feds
Cause soon gonna lay you down
Enough for the ones
And no one remembers your name
Too bad
Such a confidence

Such a big girl Such big news Such a big talk

Your number is up If you like it or not Your number is up If you like it or not Your number is up If you like it or not

Such a big girl Such big news Such a big talk

Your number is up If you like it or not Your number is up If you like it or not What a shock
