

Skycamefalling, Thera

I need you now

I'm stranded in memories so rescue me

(I need you)

So close your eyes and forget tonight

Losing to your weighted eyelids, deadened I am falling back like lead

In time we can watch the sun rise and we can leave this all behind and drive

Let's have a drink to anything tonight

You are perfect just the way you are

I'm losing to your weighted eyelids, so we can watch this town come down

Your perfect so rescue me

Deadened I am falling back like lead, because we all bleed inside the lines

I need you more than ever before I'm stranded in my memories
