

Skylar Grey, Destroyer

I am blowin' everything to pieces (Mmm)
It's too late to run, I've reached the breaches (Mmm)

Leavin' ghosts in the way, breathin' smoke, spittin' fire
You will buy what you break, it's an eye for an eye
Nothing stands in my way, but I dare you to try

I'm a destroyer
I'll burn your castle down
I'm a destroyer
I'll burn it to the ground
I'm a destroyer
If you try to stop me now, oh, oh
I'll burn your castle down (Down, down)

Do-do-do-do, do-do, down, down
Do-do-do-do, do-do, down, down
Do-do-do-do, do-do, down, down
I'll burn your castle down (Down, down)
Do-do-do-do, do-do, down, down
Do-do-do-do, do-do, down, down
Do-do-do-do, do-do, down, down
I'll burn your castle down

I am leavin' everything in ruins (Mmm)
Who knew the worst monster would be human? (Mhm)
