

Skylar Grey, Kill For You (ft. Eminem)

You gon' make me a believer
Even if that shit ain't true
You gon' make me commit murder
Baby, I'd kill for you

In my eyes
Even if you are wrong, you are right
Even if there is a terrible crime
It's alright,
Coz I got your back, and I know you got mine
I belong to the church of your name
Sing a song, coz I worship the ground you walk on
If I pray for you, I know you'll be there

You gon' make me a believer
Even if that shit ain't true
You gon' make me commit murder
Baby, I'd kill for you

In my bed I believe every word that you've said
Just a kiss and you make me forget
All the bad,
The battles we lost, the bodies we hide
You don't know, just how far I'd be willing to go
You put the cracks into my moral code
So you can count on me to always be there

You gon' make me a believer
Even if that shit ain't true
You gon' make me commit murder
Baby, I'd kill for you

Oh, Lord, forgive my weary hands
And for what they may do
I'll carry out his evil plans
If he wants me to

[Eminem:]

In your dream, you're drowning, I just walked in and saved you
I'm your alternate escape route, the alter you pray to
Your ultimate savior, your behavior is altered
Ain't your fault cause I made you
Brainwashed and persuade you
Gibraltar, you're fatal, never falter or waver
When you causing the danger I'm your guardian angel
Nobody can tell you shit, you're already major
Mine just follow me, babe, you
Won't be sorry you stayed, you
Always ride, whatever the plan is, to the end, even if I led us into an ambush
Even if we robbed the First National and cops caught us red-handed
They're coming at us, and we're trapped, put our backs up
Against the wall, and it's too tall
You catapult me or hold the ladder for me
Stay back to get captured, take the fall
You make it all worth it
Baby doll, you're perfect the way you are
Accidents happen
All I know is you love me, that's really all that matters
And any who cross our paths are just collateral damage
At your side, got your lateral, back, your front, diagonal
Backwards, blackbirds - we attack like animals
When they threaten what we have it's a natural reaction
You lay a bitch flat on her back in a second flat for me
Who tries to take your man from you

It's blasphemy, it's another casualty, you'll go whatever route
Whatever you have to do, you blast for me, I never doubt

You gon' make me a believer
Even if that shit ain't true
You gon' make me commit murder
Baby, I'd kill for you
