

Skylark, Skylark

Music & Words: Antonini

The shining skylarks are coming to this town
to understand what people desire
to ride the rainbow, to find a simple life
come and play with us this song tonight
Now that time has come you can't go away
now that your soul is strong,
you'll fly alone someday
raise your sword to sun! (raise your sword to sun)
raise your sword to us! (don't think of losing)
raise your sword and the sun is coming down
raise your sword tonight
Skylarks are back in town
skylarks are falling down
upon your head, near to your eyes
I'm not afraid to die
skylarks are here for you
skylarks are running to
to a better place, to a better life
come with skylarks to survive
Here I go, I don't want to fall
skylarks are so near
no this time, 'cause we won't crawl
ride the sun of fear!
Raise your glory - don't you worry
raise your thoughts - don't sleep too much
raise your eyes - don't say goodbye
Follow the skylark
won't you leave it - don't you leave it
independent - this is your chance
got a time - it isn't a crime
Looking for skylark
Now that time has come you can't go away
now that your soul is strong,
you'll fly alone someday
raise your sword to sun! (raise your sword to sun)
raise your sword to us! (don't think of losing)
raise your sword and the sun is coming down
raise your sword tonight
Skylarks are back in town
skylarks are falling down
upon your head, near to your eyes
come with skylarks to survive!
