

# SkyMarshall Arts, Resident Evil

At the beginning of the 21st century, the Umbrella Corporation had become the largest commercial  
Nine out of every ten homes contain its products.  
It's political and financial influence is felt everywhere.  
In public, it is the world's leading supplier of computer technology, medical products, and healthcare  
Unknown, even to its own employees, it's massive profits are generated by military technology, gen
