

# Slade, Do The Dirty

(Holder/Lea)

Hear a whistle blowin' out there somewhere  
Beware a wolf a knockin' on the door.  
Hear a whistle blowin' out there somewhere  
Leave his sheep skin on the floor

Chorus

Do the dirty, do the dirty, do the dirty now  
Do the dirty, do the dirty, do the dirty and now  
The things that we said went over their heads

Hear a bellow roarin' out there somewhere  
Hear a bellow roarin' out there somewhere  
Take his horns before it's too late

Chorus

R E P E A T

Hear no sound o'nothin' out there nowhere  
Beware a snake comin' through the grass  
Hear no sound o'nothin' out there nowhere  
Cold as ice so let him pass

Chorus
