

# Slade, Don't Blame Me

Aaaaaaaaaaaaaaaaaaaaaaa!

I got a heart and a soul, I gotta mind of my own  
And my spine ain't weak, I gotta lazy streak  
Lately, I said I been a winner, ladies they all cook my dinner  
I'm set free, I said don't blame me, so don't blame me

We save silver and gold, to show how many we sold  
They look good when they shine, my mama polishes mine, yeah  
I remember a time when we hadn't a penny  
I thought we'd never have any  
I'm set free, I said a don't blame me, I said a don't blame me

I said a don't blame me, I said a don't blame me

I got a heart and a soul, I gotta mind of my own  
And my spine ain't weak, I gotta lazy streak  
Lately, I said I been a winner, ladies they all cook my dinner  
I'm set free, I said don't blame me, so don't blame me

I remember a time when we hadn't a penny  
I thought we'd never have any  
I'm set free, I said a don't blame me, I said a don't blame me  
Lately, I said I been a winner, ladies they all cook my dinner  
I'm set free, I said don't blame me
