

Slade, Gudbuy Gudbuy

i can see you here but don't worry
with you hair down in your eyes and you say hi
i had to come back without due warning
now i caught you making love i'll say goodbye
chorus
bye bye, bye bye, i just want you to say goodbye
bye bye, bye bye, i just want you to say goodbye
i can see you cry out i'm sorry
blow your nose and wipe your eyes and you'll know why
i had to come back without due warning
now i'll pack my things and then i'll say goodbye
