

Slade, Gypsy Roadhog

I powdered my nose in Alabama - Out on a limb
Powdered my nose in Indiana - Ain't that a sin
I had to get my butt out quick
It always works - the old, old trick
I got away just in the nick of time, that's why

I powdered my nose in Oklahoma - Over the top
I wasted away in New Orleans - I couldn't stop
Down in the alley - happy dust
Me and Romona we was gettin' bust
I got away just in the nick of time, that's why

I got the nickname the Gypsy Roadhog
On the California trail
I gotta keep my wheels movin' on
I gotta keep me outa jail

Powdered my nose in San Francisco down on the bay
It went to my head down in New York City
I was blasted away
And two ugly scuts bust in the room
They took away my little silver spoon
I got away just in the nick of time, that's why

(CHORUS)

I'm comin' through, through, through
I'm looking for you
