

# Slade, I Don't Mind

i don't mind, if there's a change in me  
i'm unkind, that's how i've got to be  
am i being cruel, am i being cruel  
i danced on your face  
it seemed the best place  
for acting the fool  
i got time, to put my wrong things right  
my life's mine, to do with what i like  
am i being cruel, am i being cruel  
i danced on your face etc.

chorus

i'm going up, down, all around  
build me up and knock me down  
to the ground, i don't mind, i don't mind  
my star sign, was just no good for you  
it might shine, but it can't pull me through  
am i being cruel, am i being cruel  
i danced on your face etc.

chorus

i danced on your face etc.

i don't mind

repeat to fade
