

Slade, Know Who You Are

Know who you are
Know where you're going to
Just take a look at the things
that make up a good living
Tied off your socks
Trying your father's on
Run round the world taking all
that you want you can carry

Chorus
Know where you are
And where you've been
And where you're going to
'H' old 'H' sing a song

Maybe you're wrong
Finding a new way out
Trying to work out a way
to include one another
Think what you are
Think where you're going to
'H' sing a song to make out
that you're playing is easy

Know who you are
Know where you're going to
Read a new book
Finish the other one
Right from the start try and
work out the finishing answer
