

Slade, Know Who You Are (Live)

Know who you are
Know where you're going to
Just take a look at the things that make up a good living
Tired of your socks
Trying your father's on
Run round the world taking all that you want you can carry

Know where you are
And where you've been
And where you're going to
'H' old 'H' sing a song

Maybe you're wrong
Finding a new way out
Trying to work out a way to include one another
Think what you are

Think where you're going to
'H' sing a song to make out that your playing is easy

Know where you are
And where you've been
And where you're going to
'H' old 'H' sing a song

Know who you are
Know where you're going to

Read a new book
Finish the other one
Right from the start try and work out the finishing answer
