

# Slade, Know Who You Are (Live)

Know who you are  
Know where you're going to  
Just take a look at the things that make up a good living  
Tired of your socks  
Trying your father's on  
Run round the world taking all that you want you can carry

Know where you are  
And where you've been  
And where you're going to  
'H' old 'H' sing a song

Maybe you're wrong  
Finding a new way out  
Trying to work out a way to include one another  
Think what you are

Think where you're going to  
'H' sing a song to make out that your playing is easy

Know where you are  
And where you've been  
And where you're going to  
'H' old 'H' sing a song

Know who you are  
Know where you're going to

Read a new book  
Finish the other one  
Right from the start try and work out the finishing answer
