

Slapp Happy, Moon Lovers

Moon lovers, night.
Snow covers the earth.
Silent is this place,
night shines from inside.

Moon lover cries:
"wake up, angel, the snow."
Silent is this place,
stars are fading far
dawn is breaking.

Rescue, rescue us.

This forgotten world.
Tenderness without fear.
Broken is the stone,
frozen players lie
Night is falling.

Rescue, rescue us.
