

# Slapshot, Another Mistake

Tried to get it right  
Tried to get right  
But I made the same mistake  
I made the same mistake

Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake

Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end

Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end

I don't know what to do  
Cause I can't get over you

Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake

Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake

Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end

Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end

I don't know what to do  
Cause I can't get over you

I don't know what to do  
Cause I can't get over you
