

# Slapshot, Back On The Map

I'm gonna get it back  
Get back what we had  
We're gonna fight to make it right  
You know we'll use our might  
We're gonna take it to the start  
We know we use our heart  
We're gonna fight to get it back  
You know we'll be back on the ma

Back on the map  
Back on the map  
Back on the map  
Back on the ma

It's time for us to run  
You know we'll never fall  
We're take back what is ours  
Gonna take it all  
But I know we'll get it back  
We'll get back all we had  
And you'll see us when we're there  
Back on the ma

Back on the map  
Back on the map  
Back on the ma
