

# Slapshot, Silence

I want to know, what do you believe  
I want to say but can I speak my mind  
But you're gonna leave no matter what I say  
Could you be real for once in your life

Silence - is the weapon you use on me  
Silence - I never take my own advice  
Silence - should have gotten out when I could  
Silence - and now I pay the price

I want to know when did you have the time  
I want to know does the punishment fit the crime  
I'd like a chance but the plea has been denied  
Break the silence there's no turning back

Silence - is the weapon you use on me  
Silence - another page in your history  
Silence - did I have a chance  
Silence - or was it made for me

Once again, love takes a turn for the worst  
I'll be O.K. it isn't the first  
She just decided she'd rather be friends  
That's O.K. I'll just do it again and again and again
