

Slapshot, Something To Prove

Intro: Yeah, I'd just wanted to how Youth of Today ripped Jack of and why he hates Bold so much.

You think you've got the baddest scene
But you don't know what the baddest means
So don't tell stories that aren't true
'Cause when we come around you'll have something to prove

Something to prove
Something to prove
Something to prove
Something to prove
Something to prove!

You keep on bragging about your so-called crew
But we don't see anything you do
You tell old tales that never were
Inventing a scene you'll never have

Something to prove
Something to prove
Something to prove
Something to prove
Something to prove!

Something to prove
Something to prove
Something to prove
Something to prove
Something to prove!
