

# Slapstick, Broken Down

Walked through the door I saw you there  
I'd seen you once before  
And I know it was you  
I handed flyers out I'd run around  
Jump around and shout  
So you'd notice me too

Run away  
Run away  
This time it's just you and me

We talked a little while left that place  
But left it with a smile  
But now I'm feeling blue

You broke down the door to my heart

Waitin by the phone I tried to call you  
But you're never home  
I'm still thinking of you  
I wanna see you now I don't know just exactly how  
Are you missing me too

Run away  
Run away  
This time it's just you and me

It's something you do??? and I don't know what you do to me  
Wish I'd do it for you

You broke down the door to my heart  
Broken Down
