## Slaughter, Disintegrater

One thousand miles per hour like the streak of light lightening smashes silence blinding in the night fireballs from Hades colliding with the earth witness frantic comets the age of Hells rebirth Smashing the sound barrier break open suns at will gaining on you faster leaves jet planes standing still scorch the moon to cinders melt metal into lakes Disintegrater likes it Disintegrater takes Hiroshima was no match dwarfed by this desolation the haulocaust was nothing by Disintegraters salvation the Earth is smashed to pieces universal rise and fall the stars are now a waste land Disintegraters called
