

# Slaves On Dope, Bitch Slap

Give me a reason, I can take it  
I'm pissed off now, but I can fake it  
Making noise as I sweep the floor  
You tweak up, Boom, it's stronger than the door  
You're slaping my face  
Treat my like the neighbourhood disgrace  
Got the juice, now tell me how's it's taste  
Just savor it for now

You say you wanted this in your life  
But now you're eager to disconnect

/Say, say what you want to  
Say, say what you want to  
Say, say what you want, choose a four letter word/ \*2

Give me a reason, I can take it  
I'm pissed off now, but I can fake it  
Dropping bombs as you hit the floor  
You tweak up, Boom, it's stronger than the door  
You're slamming in my face  
You're freaking out  
A total fuck without the taste  
No trace, erase, disagree

You say you wanted this in your life  
But now you're eager to disconnect  
I put you in the frame on my table  
But now your mouth is wide open, why don't you

/Say, say what you want to  
Say, say what you want to  
Say, say what you want, choose a four letter word/ \*3

Say what you want, it's a four letter word

&quot;BREAK&quot;

You're a fuckin' bitch

LOVE!!!  
I feel the time to take you now is  
I feel the place to make a mark is here  
I see you still with your eyes so low  
LOVE, LOVE, LOVE, LOVE!

Bitch slap, bitch slap, bitch slap, bitch slap

&quot;Excuse me, do I have fuck me written on my forehead?&quot;

/Say, say what you want to  
Say, say what you want to  
Say, say what you want, choose a four letter word/ \*3  
SAY!

Bitch slap, bitch slap, bitch slap, bitch slap
