

Slayer, You Against You

I had you back, but it's no use
False accusations are on the loose
You know what?
It makes no sense that you tied your own noose
You never felt the sores decay
Your perfect world is ending today
So what?
I wouldn't have it any other way

Is this your Paradise?
You think you thought this true?
Cause when you rolled the dice, the house came down on you
Don't care what you do or say, your suicide begins today
Have fun in Paradise, this Hell is just for you

You against you
Shitty time to make a stand all without a masterplan,
Just you!
You against you

So how's your Paradise?
Hindsight just laughs at you
With conflict comes a price,
That price weighs heaviest on you
I guess I should say thanks, dissension in the ranks
You panic lit the fuel,
Now it's you against you!
You against you!

Wasn't looking for a fight, but I'm showing up tonight
Shitty time to make a stand all without a masterplan,
Just you
You against you

The seeds are what you've sown
Never should have lit that fuse
Enjoy your Paradise
This Hell is just for you

You against you
Wasn't looking for a fight, but I'm showing up tonight
Shitty time to make a stand all without a masterplan,
Just you
You against you
