

# Sleater Kinney, Her Again

i don't know what you mean  
i wasn't there that day  
i didn't see a thing  
i'm just a normal girl  
i am in that hole where you left  
me there both body and soul  
i am filled with all those  
sick things  
i am getting out of here  
i'm her again  
i didn't say that thing  
it didn't mean a thing  
i wasn't there that day  
i don't know what you mean
