

# Sleater-Kinney, Jenny

Do you see her face  
When she's gone  
Sometimes so bright  
Your heart just stops

Did she answer you  
Your other half?  
You know they say  
She comes just once

I am the girl  
I am th ghost  
I am the wife  
I am the one

Do you wanna forget  
Live in the dark  
Was she just too close  
To everything

I am the girl  
I am the ghost  
I am the wife  
Oh, Oh I am the...

Didn't we almost have it almost have it almost have it almost  
Didn't we almost have it almost have it almost have it almost....

Didn't you want it? (x6)

Do you see her face  
When she's gone?
