

Sleater-Kinney, Little Babies

Little Babies

I'm the water i'm the dishes i'm the soap
I will comfort make you clean help you cope
when you're tired feeling helpless
come inside I am the shelter
and then when you're feeling better i'll
watch you go

dum dum dee dee dum dum dee dum do
all the little babies go oh oh I want to
dum dum dee dee dum dum dee dum yeah
rock the little babies with one two three four

Are you hungry did you eat before the show
I peeled potatoes set the table washed the floor
I know the others treat you rough
and when you know you've had enough
you'll come and see me cos you know
I'm always here

momma's little helper
