

# Sleater-Kinney, Memorize Your Lines

I've learned how to wait "(say forever)"  
I know not to beg "(that's a dirty word)"  
I know I shouldn't ask why "(will you stay here?)"  
I wake up feeling dead "(that's a dirty girl)"

"(Act two, scene four)" Performance of your life  
Performance of my life "(line three, I want this room)"  
Performance of your life "(just for me, just for me)"

You said you'd never be mine  
You swore it to me until the end of time  
You said that love's never kind  
I memorize these lines, practice them every night

We can talk it out "(it will be soon now)"  
ell each other lies "(heard that before)"  
We can just pretend "(you better polish your speech)"  
Today isn't goodbye "(before you hit the floor)"

"(Act two, scene four)" Performance of your life  
Performance of my life "(line three, I want this room)"  
Performance of your life "(just for me, just for me)"

You said you'd never be mine  
You swore it to me until the end of time  
You said that love's never kind  
I memorize these lines, practice them every night

Wont you tell me what are we fighting for?  
Do you want me here do you know for sure?  
You know the coldest face is the worst to me  
And I won't calm down till I get to you

Wont you tell me what are we fighting for?  
"(You said you'd never be mine)"  
Do you want me here do you know for sure?  
"(You swore it to me until the end of time)"  
You know the coldest face is the worst to me  
And I won't calm down till I get to you

You know that I wish I could undo this role  
Let's go back to what, what we came here for
