

Sleater-Kinney, Slow Song

Heard what you said, I heard what you said
On that day
It wasn't so nice, it wasn't so nice
As I thought it would be

Don't you know that I would go
If I had a way
Running for my life, I'm running from those lies
'Cause it doesn't work that way

'Cause it doesn't work that way
It didn't work today

Feeling so down, I'm feeling so down
That I could go
Run into a tree or run into the street
Then I would know

Don't you know of some girl
On that day
Running for my life, I'm running from those lies
'Cause it doesn't work that way

'Cause it doesn't work that way
It didn't work today
