

# Sleater-Kinney, Words And Guitar

Words & guitar, I got it  
Words & guitar, I want it  
Way way too loud, I got it  
Words & guitar

I want it all, I want it all, I want it  
(can't take this away from me  
music is the air I breathe  
can't take this away from me)  
Words & guitar  
Take-take the noise in my head  
Take-take the noise in my head  
C'mon and turn-turn it up  
I wanna turn-turn you on

I want it all, I want it all, I want it  
(fill the space surrounding me  
fill the space surrounding me)  
Words & guitar

I dream of quiet songs  
I hear the silky sounds  
Huuuuush-hush and rock  
Oh give me pretty song  
Oh let me have that soooooound tonight

(repeat 1st verse)  
I got it all, I got it all, I got it  
(tell me what you want in me  
tell me what you want in me  
tell me what you want in me)  
Words & guitar

(repeat "take-take" part)  
(well you want it or you don't  
either you'll come or you won't  
it's the thing you'll never know  
it's the thing you'll never own)  
I want it all, I want it all, I want it  
(rock you till you're good and dead  
rock you till there's nothing left  
rock until you're good and dead)  
Words and guitar

I dream of quiet sounds  
I hear the pretty song  
Huuuuush-hush and rock  
Oh give me pretty song  
Oh let me have that soooooound tonight

(repeat 1st verse)  
I want it all, I want it all, I want it  
(tell me what you wanna be  
all the things you'll never be  
tell me what you want in me)  
Words & guitar
