

# Sleep, From Beyond

Choir of the sun chants inside the anti moon  
Shockwaves rattle the Earth below with hymn of doom  
Chilled rays freeze below the eye of silver sun  
Damned souls gather in valley of the evil one

Phantasmal specter of two worlds collide  
Planetoid soaked in rays of electric light  
Stoner caravan from deep space arrives  
Rides on the suncraft toward the glowing eye

Walk with the cleric under eye of silver sun  
Damned souls gather in valley of the evil one  
Choir of the sun chants inside the anti moon  
Shockwaves rattle the Earth below with hymn of doom
