

# Sleepaway, If I Try

Its not time wasted  
Am I wasting all your time?  
Is it just me now  
Did you just fall behind?  
Why worry anymore?  
Why were we questioning?  
Lets relive everything  
as if we never lived

Do you know what youre saying?  
You never care about the games were playing

Do I lose  
Cause if I try I try for you  
And if its all the same Id like to stay with you  
Im losing you.

Is our time wasted,  
When Im wasted all the time?  
And youve got your reasons  
Cause Im away all the time.  
These words they drag you farther than I ever knew

Do I lose  
Cause if I try I try for you  
And if its all the same Id like to stay with you  
Im losing you.  
I try and try for you. Im losing you
