And I wonder how I made it through
I hope you dont let others go so easy
You wanted what I couldnt be

I know we tried, you couldnt stand
Its not that we couldnt have
I know I left, you couldnt guide me through
Or understand
Its not that we couldnt have

Scars remain, and promises leave little closure

I know we tried, you couldnt stand
Its not that we couldnt have
I know I left, you couldnt guide me through
Or understand
Its not that we couldnt have
