

# Sleeping At Last, A Million Charming Words

I wish that I held your words more dearly  
Like they were the last words  
That I would ever hear.

I wish to be  
Lost in your arms.

I'm wishing I could be forever in your arms  
Forever and a day  
I'm wishing I could be lost in your arms...  
Always.

These are the memories that will not escape me.  
Oh, and your smile is worth a million charming words.  
I wish to be  
Lost in your arms.

I'm wishing I could be forever in your arms  
Forever and a day  
I'm wishing I could be lost in your arms...  
Always.

These are the memories that will not escape me.  
Oh, and your smile is worth a million charming words.

The pictures I never took  
Of the happiest times of my life  
Are just worn-out thoughts in time.

Time will not escape us now.
