

# Sleeping With Sirens, Who Are You Now?

Yeah, yeah

Don't wake me up if I'm sleeping this life away  
They tell me that I'll never be good enough  
Sometimes it hurts to think it could really be that way  
It won't be that way

I'm tired and I'm lost  
I don't want to be found  
I put my heart and my soul  
And strength in this now

So forgive me 'cause I won't forget that  
Yeah, this world has changed me  
So you know when you ask me

Who are you now?  
Did you say what you want?  
Don't go back to the start  
I'm asking, who are you now?  
Did they break you apart?  
Won't you fight back for what you want?

Sometimes you gotta fall before you fly  
We're gonna work it out

Yeah, yeah

Don't, don't, don't wake me up  
'Cause I hate who I am today  
So come on, come on  
And just take, take, take what you want  
Isn't that what we're living for?  
We're always wanting more

You've made me hate my own reflection  
Question every choice I make  
So I could try to be perfect  
I won't try to be fake

So forgive me 'cause I really couldn't care less that  
This world has changed me  
So you know when you ask me

Who are you now?  
Did you say what you want?  
Don't go back to the start  
I'm asking, who are you now?  
Did they break you apart?  
Won't you fight back for what you want?

Sometimes you gotta fall before you fly  
And sometimes to really live, you've gotta try  
We can change it all together, in the end you're gonna find  
That what we felt in our hearts was real the whole time  
When you open up your eyes, I hope that you find  
Who you are, who you are

Who are you now?  
Who are you now?

Who are you now?  
Did you say what you want?  
Don't go back to the start

I'm asking, who are you now?  
Did they break you apart?  
Won't you fight back for what you want?

Sometimes you gotta fall before you fly  
Sometimes you gotta fall before you fly  
We're gonna work it out
