

# Slick Rick, A Love That's True

So you get my point son,  
You just don't trust no bitch, you know what I'm sayin?  
"okay, daddy, I understand"  
Cause bitches ain't no good, you know what I'm sayin?  
"okay, I get your point"  
Anyway, listen to this, check it out

1994, as the world gets trifer,  
I'm wondering, the f\*\*k I need a woman in my life for? (ya know)  
Cause it's like a nigga whole history  
With you hoes been nothing but misery  
First rater, five-one stood  
Mad coke fiend though the bitch looked good  
Met her at the fever  
"what's going on, stranger?"  
And like a fool took her in and tried to change her  
I don't who I thought i's bluffing  
That bitch wasn't giving up that coke for nothing  
"oh, you trying to dis, mister bougeois nigger  
Yet back in the day, you used to smoke coke cigarettes too,  
That type shit you ain't admitting"  
Because, homegirl, I grew out of it, you didn't  
Anyway, dead out of order  
Came in with a sheepskin her ex-lover bought her  
Who gave you that?  
"my ex"  
I said "who?"  
Believe she had the nerve to say "you can wear it too"

When I found strength to depart, I do  
Withdrew, for something brand new  
Someone who would be true  
Yes I should find someone who would be true

(singing)  
Cause ricky needs a love that's true  
Truuuuuuuuuuue, oh dear, scooby dooby doo  
Scooby doo doo

Then I met sin,  
Sweating the viking  
A brown skinned fox, slim just like I like them  
"what? sweating you? picture that, nerd." please  
Anyway, the bitch had herpes! (you know)  
Imagine me, the fool being the spouse  
Doctor said I couldn't catch it unless I got aroused  
Found out snooping in her bag what she got  
Now why you ain't tell me? you worthless slut!  
"because I loved you at the time and couldn't afford to"  
You know homegirl should get the oscar award for her lying  
Anyway, stayed with the creep  
One day, sybil here, talking in her sleep  
"chris, wait," the bum bitch said

So loud till a motherf\*\*ker fell out the bed  
Who the hell is chris? she putting up resistance  
Till I caught her calling the nigger long distance  
Had the nerve to dis patch loving  
Boy am I lucky that I didn't catch nothing

When I found strength to depart, I do  
Withdrew, for something brand new  
Someone who would be true

Yes I should find someone who would be true

(singing)

Cause ricky needs a love that's true

Truuuuuuuuuuue, truuuuuuuuue

Indeed, I need a love that's true

It seems I need a love that's true

Oh dear, scooby dooby doo

Oh gosh, scooby doo doo-oo (doo-oo)

Though happy I was free

The need for love was still in me

Got to the point where the need for it was killing me

Then I met short here, hanging with my cousin

Found out later how young the bitch was and

Though I done hit it and she opened up a world

And remind me of that song "go away, little girl"

It had to end because the bitch weren't loyal, and spoiled

"that's because I had you pussy whipped royal"

You see the type of shit the nigger was gonna marry?

You see the type of attitude the bum bitch carry?

Like oil and water, impossible mixture

Then temper tantrums came into the picture

Yelling (ahhhh), carrying on bad and cursing

Complete embarrassment to the ruler as a person

"gimme shorts"

Ruler will not permit you

Then she goes wild, starts breaking up my furniture

Flirts too, excuse me, a whore

Like the world's worst groupie when I brought her on tour

So when I found strength to depart, I do

Withdrew, for something brand new

Someone who would be true

Yes I should find someone who would be true

(singing)

Cause ricky needs a love that's true

Truuuuuuuuuuue, truuuuuuuuue

Indeed, I need a love that's true

It seems I need a love that's true

Oh dear, scooby dooby doo

Oh gosh, scooby doo doo

Ricky needs a love that's true-hoo-hoo
