[cut and scratched "Slick Rick"]  
[audience applause]

[siren sounds]  
"MC... Ricky... D" [last syllable scratched]  
"Okay party people in the house" [scratched]  
"This is the original grand wizard"  
[cut and scratched "Slick Rick"]  
[unknown sample] [scratched "Slick Rick"]  
"Something funky push that in em"  
"Ricky... D"

[Slick Rick]  
Is it a custom - to what? To provoke out a hostile apostle  
and make him smack the coke out your nostril  
BAP, the butter cat at gutter rappin and I'm all man  
Whatever gotta happen gotta happen  
Boy don't make me put my grown man shoe in you  
And I'm sorry father, for any wrongdoing doin you  
Cause dogs barkin and the girl sigh  
Here to present myself as the sparkle of the world's eye  
Picture I - where Spice Girls chick arrived  
England, January 14th, six-five  
While you scream out Brannyville  
"You old ass rapper!" You got it, but can he still  
sever, in other words, rap more clever  
like no other younger rapper walkin could ever?  
Apparently I done this, on this  
Stunned his behind - out the way of who reign  
I RUN THIS

"Hurry up, run" [cut and scratched]  
"Run, run, run, r-run" [scratched from Run-D.M.C.]  
"Hurry up, run" [cut and scratched]  
[Rick] Out the way of who reign, I RUN THIS  
"Run.. run, r-run" [scratched from Run-D.M.C.]  
[Rick] Stop the world kid, bring it home Slick  
"run, r-run" "run, r-run"

[Slick Rick]  
Are, you, ready? "run"  
The fact is, mack caught cable in an actress  
and really is the black Clark Gable of the rap biz  
Racists reactin, hastin for action  
The motherfucker got exquisite taste for a black man  
What you never know? All clothes come off a hoe  
Ever see me with my jewels and toast from off of Mo'?  
\*psssh\* Past where handsome measures  
like the whole entire Rat Pack, AND some precious  
And chartable, such a big spark I pull  
Nuns even say, "That motherfucker's remarkable!"  
And aliens who came to earth gathering  
"Great gosh the man has soul, we must have him"  
Like a ?, there isn't none after me  
Liz will throw away her walker and run after me  
Snatch crowns - done this, on this  
Stunned his behind - out the way of who reign  
I RUN THIS

"Hurry up, run" [cut and scratched]  
"Run, run, run, r-run" [scratched from Run-D.M.C.]  
"Hurry up, run" [cut and scratched]  
[Rick] Out the way of who reign, I RUN THIS  
"run, r-run" "as we go" "run, r-run"

&quot;run, r-run&quot; &quot;as we go&quot;□&quot;run, r-run&quot;  
&quot;run, r-run&quot; &quot;as we go&quot;□&quot;run, r-run&quot;  
&quot;as we go a little somethin like this, HIT IT!&quot;

[Slick Rick]

Up Hastings, crew downfaced and lose  
Either one way or the other, foundation choose  
Although the prune I kick, I didn't come to wound a sick child  
Hit a lost world, actin like a lunatic [blblblblbl]  
who provoke til a heard of smoke  
forced good men to pull out and start to murder folk  
Tired of the basement placed in  
Take responsibility for your action as a race then  
Instead of put cheer in our bone, paperhood promote  
negativity, and fear in our own neighborhood  
Since royalty breed to be (uh-huh)  
And I puts small seed where small seed need to be  
Like an angel tend to fly as, mention I as  
I didn't make the laws, but they make sense to my ass  
While waitin for the world end, won this  
Stunned his behind - out the way of who reign  
I RUN THIS
