

Slightly Stoopid, Aint Got A Lot Of Money

i aint got a lot of money
all i got is time and a reason to rhyme
dont need a lot of money
all i need is you
(2 X's)

my baby girl was a virgin till i came inside
with the brown eye passionate and kisses right
when i got her arms wrapped around my side
then you know its a feeling that you talkin about
and if you dont need me then i dont need you on my mind
and if you dont want me then i dont want you on my dime

i said im leavin baby
never look back never look back
i said im leavin honey
never look back again
