

# Slightly Stoopid, Mind On Your Music

[chorus]

keep your mind on your music  
so nobody can refuse it  
i said a little bit of rhythm and a little of soul  
and a reason for the mind control  
come on and  
[repeat]

and heres a story how we started  
you know we wasn't really brothers but we was cause we grew up just right  
across the street we causin trouble  
but just as much as any other kid we knew if he was growin up right  
but then you know we would learn what is in store  
so when we grabbed a couple guitars and they showed us some chords

don't you know that music is the way you keepin your all  
six strings from the fact that were ready to roll

[chorus x2]

the things that were once lost have seem to find their way  
it seems like we've been through this every day  
(well you better discover)  
that it moves right through you slowly  
its hard to see what kind of end you'll be holding  
just as long as we do what we know we can do  
well then we listen what happens to you

[chorus x4]
