

Slightly Stoopid, Open Road

well the clock says its time roll ya
for all you people fo sho
and maybe some should consider
a place thats open till 4

Lights go down and youre ready for the open road
maybe theres a chance fo sho
never really know and if youll be on the other side
when its time to come home

realize that im gonna be the one who
takes your hand while were walkin through the avenue
but im your man i wanna take your
oh im your man whose gonna make you

and then your so far away from here
to be on your own
and then your so far away from here
to be all alone

never had a reason or a will to decieve you girl
maybe theres a chance fo sho
never really know and if youll be on the other side
when its time to come home

realize that im gonna be the one who
takes your hand while were walkin through the avenue
but im your man i wanna take your
oh im your man whose gonna make you
