

Slightly Stoopid, The Jam

f**k my body from my head onto my feet yeah
but wear and condom and live long and prosper
if you tell me that you don't get irie
thinkin' you some angel but they don't see no wings
but if they tell you that they love you and no other
ask them now why they f**kin up your brother
and when they tell you that they clean and sober
look another one them getting' drunk fallin' over
f**k my body from my head onto my feet yeah
but wear your condoms and live long and prosper
if you tell me that you don't get irie
thinkin' she's some angel but they don't see no wings
