

Slightly Stoopid, 'Till It Gets Wet

But a nasty man

But a nasty man but a nasty man

But a nasty you know, oh oh no

But a nasty man no

But a nasty man but a nasty man

But a nasty man you know, oh whoa no

Pussy till that shit gets wet

The type of a pussy that a man will not forget

Pussy till that shit gets wet

The type of a pussy that a man will not forget they want to say now

Little woman, you tell me that you're straight from the heart

Me don't want no woman that will tear mine apart

Me no want a woman comin' up telling what she say

The only reason why she's givin' it up today

Yes the nasty man boy, he is a rude boy boy

Me not saying what you doin boy

Yes the nasty man boy, he is a rude boy boy

Me not saying what you doin boy
