

# Slim Dusty, I Dont Want No Woman Around

Well I love 'em and I leave 'em, I guess in every town  
'Cause I don't want no woman (woman)  
Or other hangin' around (hangin' around)

No harm in handin' the line and a lot or little wine  
For I's havin' some fun and then before they realise  
I've moved on to another town  
Where I don't want no woman around

I don't want no woman around for to tell me what I'm doin'  
Crampin' my style and bringin' me to ruin  
If I'm goin' down hill I take my own road down  
I don't want no woman around, yeah babe

When I wanna high step around than a woman's alright  
But I just can't stand her around from mornin' till night  
That's why I string 'em some tails and when they believe 'em  
That's the time I kiss 'em and I leave 'em  
Safety in numbers I have found  
'Cause I don't want no woman around

Oh I don't want no woman around for to tell me what I'm doin'  
Crampin' my style and bringin' me to ruin  
If I'm goin' down hill I take my own road down  
I don't want no woman around, yeah babe

I don't want no woman around for to tell me what I'm doin'  
Crampin' my style and bringin' me to ruin  
If I'm goin' down hill I take my own road down  
I don't want no woman around  
I don't want no trouble around  
I don't want no woman around  
I don't want no woman [fade]
