

# Slim Dusty, Losin My Blues Tonight

Oh-de-lay-ee-oh, de-lee-do-lay-ee-oh, do-lee-do-lay-ee-ee

Oh you've done me wrong but it won't be long  
'Ere my blues are out of si-ight  
And this old green ra-attler's ready to go  
Rollin' out of tow-own tonight

See her steam and hear the whistle scream  
And we're off on the northern line  
Flyin' 38 never known to be late  
Rock 'n' ro-oll alo-ong on time

Oh swing that pole and hear that engine roll  
Keep the signals clear tonight  
Women, wine and so-ong, I've had you too long  
Gonna lose my blues tonight - yeah

Oh-de-lay-ee-oh, de-lee-do-lay-ee-oh, do-lee-do-lay-ee-ee-ee

I've been in town and I've been foolin' around  
And spent some ti-ime in jail  
Gonna start again, don't know where-ere or when  
But tonight I'm changin' my trail

It's good to see the bush land free  
'Neath the moon and the stars so bright  
And this old green ra-attler seems to know  
I'm a-losin' my blues tonight

Oh swing that pole and hear that engine roll  
Keep the signals clear tonight  
Women, wine and so-ong, I've had you too long  
Gonna lose my blue-ues tonight

Oh let the smoke cloud fly, I'm sayin' goodbye  
I'm gonna lose my blues tonight  
Gonna lose... my blues... toni-i-ight...
