

Slim Motion, 4 U 2 Come

I've been waiting here so long
Here so long to be
Show you,
Get in just enough
Just enough of me

I've been waiting and thanking for
All that forces for
Making me strong
I won't go back to nowhere
Hope that's fine I've been waiting for you to come
Out of the door

I've been waiting here so long
Here so long to be
Show you
Get in just enough
Just enough of me
Can you come please
Just tease me
Coz I won't go back to nowhere
Could you save me
And take me with you
2 come
And then gone

No I'm finding it so heard
It's so heard to breath
Someone said it just to far
To far from me

I've been waiting and thanking for
All that forces for
Making me strong
I won't go back to nowhere
Hope that's fine I've been waiting for you to come
Out of the door

No I'm finding it so heard
It's so heard to breath
I've been waiting and thanking for
All that forces for
Making me strong
I won't go back to nowhere
Hope that's fine I've been waiting for you to come
Out of the door

How you care in not enough
not enough for me!
