

Slipknot, Coleslaw

All The Fiends Are Out
Nobody's leaking any more
No-one said a thousand times
My brains' been scattered about
Forced to deal with suffering
Making more than I mean
Leave my past behind me
Life... LIFE
Show me show me SHOW ME (3x)
Now the fiends are back in
I'm through with resort
Just one more time
To keep my face in
LIFE
Smile , while the blade slides down your face
Pain, for at least 2 or 3 days
You , dont' you love all your scars
Feel, all the Medicine released
SMILE, WHILE THE BLADE SLIDES DOWN YOUR FACE (8x)
