

Slipknot, Do Nothing/Bitchslap

The system has failed, and you have failed with it
No time to care, just time to say "Who gives a shit?"
My mind boils as I've decided I'm through
Fuck your position in life. I'm taking vengeance on you...

I break down the walls of the political arena
Cast the vote on fn-fal, yeah, we'll be seeing ya!

Come on y'all

I want to put a cap right in your asshole
You step to this, you're gonna pass for a lump of dogshit
In the grass, so, be on your way and get some class

Bitch-slap
Bitch-slap
Bitch-slap
Bitch-slap
Bitch-slap
Bitch-slap
Bitch-slap
Bitch-slap

Man, you're like a school in the summer, no class

Chop down the big-wigs, shoot the televisions, too
My mind boils on life as I've decided I'm through, the guilty
Of crimes will be hung from the trees. Spit and punches
Arise from you and from me

Sit back and do nothing if that's what you want to do
I will have my reign as king, when I take vengeance on you
