

Slipknot, Geome-Trick

So much shapes are taking form,
The lowest that these people get.
Never thought I would be broken,
By these peoples stupid shit.

Kill a stupid lost and confused person,
Never gonna be as sick as me!
These stupid polotics are driving me crazy,
Don't you ever f**k with me!

I'm dying!This is too deep.How the hell can my blood seep?!
This is nothing,it came too quick!
It's ge-o-me-trick.

You whine and complain, but look who's talking,
With your big ego and battle scars.
On a ghost ship, your the last one,
Your head will just be another star.

Why the hell are you still here,
elaborate please?!
You can't beseech my rage and anger,
Don't you ever f**k with me!

I'm dying!This is too deep.How the hell can my blood seep?!
This is nothing,it came too quick!
It's ge-o-me-trick.

Don't you ever f**k with me.
Don't you ever f**k with me.
Don't you ever f**k with me.
Don't you ever f**k with me!
Don't you ever f**k with me!
Don't you ever f**k with me!
Don't you ever f**k with mw!
You won't live to f**k with me!

I'm dying!This is too deep.How the hell can my blood seep?!
This is nothing,it came too quick!
It's ge-o-me-trick.
